RE: Groton Wind LLC (SEC #2010-01)

Dear Mr. Iacopino:

Please find enclosed the New Hampshire Fish and Game Department's (NHFGD) progress report for the Groton Wind LLC application. As noted in the Department's preliminary review letter dated April 22, 2010, the applicant had conducted a number of studies to evaluate and minimize impacts to wildlife species. In order to clarify any possible misunderstandings, it should be noted that at the time of the application filing, the Department did receive copies of all the completed requested studies listed in the application, except for the supplemental bat acoustic survey.

As the project continues to move forward, the Department anticipates additional information to be provided throughout the Site Evaluation Committee's (SEC) process before the Department can fully support the issuance of permits, conditions and licenses.

If you have any questions or concerns about this information, please do not hesitate to contact Carol Henderson at 271-3511 or by email at: carol.henderson@wildlife.nh.gov. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Normandeau".

Glenn Normandeau
Executive Director
